01 · INTRODUCTION

One brand, from the signboard to the bill

Lenore is met in many places: the showroom fascia, a salesperson's WhatsApp message, a printed quotation, the receipt at the counter and the website. This guide makes sure they all look and sound like the same business.

Who this is for

Lenore's owners and staff, and anyone producing work for Lenore: sign makers, printers, web and social media designers.

How to use it

Use the ready-made files in the Lenore Brand Kit rather than recreating the logo or colours. Each section explains the rule, then shows it in use.

When in doubt

Use the full-colour horizontal logo on Stone or white, keep plenty of space around it, write plainly, and let the products be the hero.

02 · BRAND

Who we are

Lenore Trading LLP supplies bath fittings and sanitary ware from its showroom in Vatayam, Kuttiady, in Kerala's Kozhikode district.

We help people choose fittings that suit the space and the budget. Customers can see the range in person, and our sales team prepares clear, itemised quotations with product codes and MRP, shared on WhatsApp. Every sale is billed with a proper GST invoice.

Who we serve

- ✓ **Homeowners** building or renovating a bathroom.
- ✓ **Builders and contractors** buying for projects, often on account.
- ✓ **Our own team**, who represent the brand in every conversation.

Help every customer choose well, and know exactly what they are paying for.

Considered choices, clearly quoted. Quality fittings, shown properly and priced transparently.

Proof

A showroom to see the range, itemised quotations with codes and MRP, and GST invoices for every sale.

LENORE IS	LENORE IS NOT
Refined	Flashy or showy
Clear and direct	Pushy or salesy
Confident	Boastful (“No.1”, “best in Kerala”)
Personal and local	Corporate or cold
Modern and timeless	Trendy

Personality

Refined

Quiet quality. Restraint over decoration.

Clear

Plain words, honest prices, no fine print.

Trustworthy

Registered, accountable, consistent.

Warm and local

Personal service from people in Kuttiady.

03 · VOICE

How Lenore speaks

Write the way a knowledgeable, courteous salesperson talks across the showroom counter: helpful first, precise, never pushy.

Plain and precise. Short sentences. Name the product, the code, the price and the date.

Helpful first. Answer the question, then offer the next step: visit, call or WhatsApp.

Calm confidence. No exclamation marks in a row, no capitals for emphasis, no pressure.

Honest. No invented awards, reviews or claims. Label illustrative images. Say “price on request” rather than guess.

Writing conventions

- Sentence case for headings. CAPITALS only for the wordmark, the tagline and small labels.
- Prices in Indian grouping with the rupee sign: ₹1,25,000.00. MRP includes GST unless stated.
- Dates as 20 Oct 2026. Quantities as “2 pcs”.
- English first; Malayalam is welcome in messages, quotations and signage.

DO	“Hello Rahim, thank you for visiting Lenore. Your quotation LQ-2026-0013 for 6 items is attached, valid until 4 Nov. Tell us if you would like to change anything.”
DON’T	~~“HURRY!!! Best prices in Kerala, grab this amazing deal before it’s gone!!!”~~
DO	“In stock” · “Limited stock” · “Price on request”
DON’T	~~“Only 2 left, buy now!” · “Cheapest guaranteed”~~
DO	“Visit our Kuttiady showroom to see the finishes side by side.”
DON’T	~~“World-class luxury collection trusted by millions.”~~

04 · LOGO

The mark

A single calligraphic L. A hooked stem and a sweeping base are separated by a fine channel, so the letter reads both as the initial of Lenore and as the flowing line of a spout.

The mark is Lenore's signature. It works alone wherever the name is already present nearby: app icons, the favicon, a WhatsApp profile, embossing or a watermark.

> The master mark is vector artwork redrawn from the Lenore billing logo with clean curves, straight edges and sharp terminals. If the original designer's artwork is supplied, compare it with this master before replacing it.

04 · LOGO

Logo versions

Five arrangements cover every use. The horizontal logo is the primary version.

Horizontal · primary
Website and app headers, letterhead, invoices, quotations, signage.

Stacked
Square and centred formats: business card, social posts, packaging.

Mark
Icons, favicon, profile pictures, small spaces.

Wordmark
When the mark already appears nearby.

Name
One-line uses where the tagline would be too small: embroidery, engraving.

04 · LOGO

Colourways

Use the full-colour logo wherever possible. When colour is limited, use one colour in full; never mix arbitrary colours.

Full colour

Default. Light backgrounds: Stone, white, light photography.

Reversed

Ink and other dark backgrounds.

Bronze

One-colour print, foil, engraving, embroidery.

Black

Thermal receipts, stamps, newspapers, faxes.

White

Bronze backgrounds and dark photography.

> The bronze gradient (#C99A63 → #7A4E26, top to bottom) belongs to the mark only. Where gradients cannot be reproduced, use solid Lenore Bronze #8A5A2B.

04 · LOGO

Clear space and minimum size

Give the logo room. Nothing (text, edges, other logos) may enter the clear space.

X = one quarter of the mark's height. Keep at least 1X clear on every side of any logo version.

VERSION	PRINT MINIMUM	SCREEN MINIMUM
Horizontal	35 mm wide	140 px wide
Stacked	20 mm wide	90 px wide
Wordmark	30 mm wide	120 px wide
Mark	6 mm high	20 px high (16 px favicon)

> Below these sizes the tagline becomes unreadable: use the mark, or the name without the tagline.

35 mm

20 mm

6 mm

Don't stretch or squash

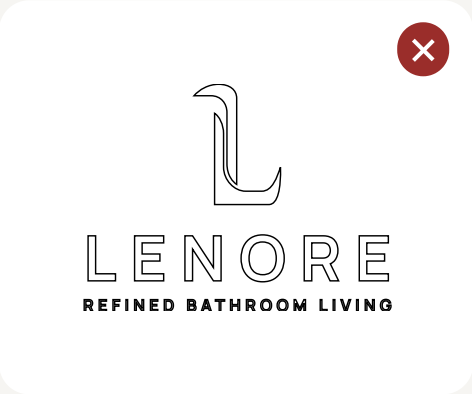

Don't rotate

Don't change the colours

Don't add shadows or effects

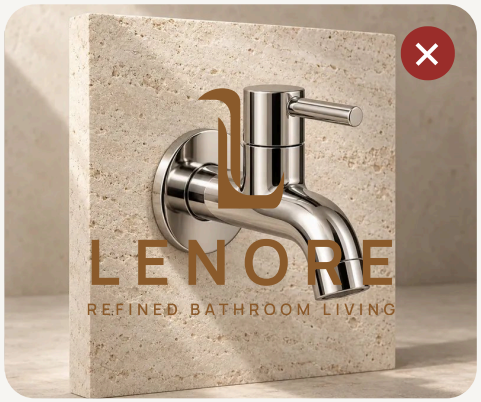

Don't outline
