FOREWORD

A brand is everything a customer meets

Lenore is not a logo or a website. It is the signboard in Vatayam, the conversation at the counter, the quotation that arrives on WhatsApp, the carry bag, the delivery, the bill, and the follow-up call. This book defines how all of them come together as one recognisable, trusted name.

It is written for Lenore's owners and team, and for every partner who makes something for us: sign makers, printers, tailors, photographers, designers and agencies.

How the book is organised

- **A · Foundation**: what Lenore stands for.
- **B · Verbal identity**: how Lenore speaks.
- **C · Visual identity**: how Lenore looks.
- **D · Touchpoints**: how it all comes to life, from the showroom to the delivery vehicle.
- **E · Governance**: how to keep it consistent.

Status of the strategy

The foundation (purpose, vision, values, positioning) is drafted from what Lenore does today. It is a proposal: confirm or adjust it with the owners before it is shared publicly.

Production files

Every logo, colour, typeface and template shown here is supplied in the Lenore Brand Kit. Always start from those files.

PART A

Brand foundation

What Lenore stands for, and for whom.

Who we are	Audiences
Purpose, vision and mission	Promise and pillars
Values	Personality
Positioning	Brand architecture

A · FOUNDATION

Who we are

Lenore Trading LLP supplies bath fittings and sanitary ware from its showroom in Vatayam, Kuttiady, in Kerala's Kozhikode district.

Customers come to see the range in person and compare finishes side by side. Our team helps them choose, prepares itemised quotations with product codes and MRP, and shares them on WhatsApp. Every sale is billed with a GST invoice.

The opportunity

Choosing a bathroom is a big, infrequent decision. Many buyers face too many options, prices that are hard to compare, and little guidance. Lenore can own the opposite experience: a calm showroom, a considered range, and quotations that are clear to the last line.

Purpose, vision and mission

PURPOSE · WHY WE EXIST

To make choosing a bathroom simple, honest and inspiring.

VISION · WHERE WE ARE GOING

To be the first name families and builders in the Kozhikode region trust for their bathrooms.

MISSION · WHAT WE DO EVERY DAY

Curate quality fittings, show them well, quote them clearly, and stand by every sale.

Proposed statements for the owners to confirm. Use them internally and in recruitment; use the tagline and messages (Part B) in customer communication.

A · FOUNDATION

Values

Four values guide how the team works. Each comes with behaviours that customers can see.

Clarity

We say what things are and what they cost.

- Itemise every quotation with codes, quantities and MRP.
- Explain options in plain words.
- Never hide charges or conditions.

Care

We treat every bathroom as if it were our own.

- Listen before recommending.
- Handle products and homes with respect.
- Follow up after the sale.

Quality

We would rather show fewer, better things.

- Curate the range for finish and reliability.
- Display products properly and keep the showroom immaculate.
- Check goods before they leave.

Integrity

We keep our word and our records.

- Bill properly with GST invoices.
- Honour quoted prices within validity.
- Own mistakes and fix them quickly.

A · FOUNDATION

Positioning

For **homeowners, builders and contractors** in and around Kuttiady who want a bathroom they can be proud of without the guesswork, **Lenore** is the bath fittings and sanitary ware showroom where you **see the range in person and get every option clearly quoted**, because we curate what we sell, display it properly, itemise every quotation and bill every sale correctly.

> Avoid positioning on price (“cheapest”, “lowest”) or unverifiable superlatives (“No.1”, “best in Kerala”).

A · FOUNDATION

Audiences

Three groups matter most. These are planning personas to guide decisions, not customer data.

04

Looked after

GST invoices, accounts for builders, and a team that is a message away.

> Every communication should support at least one pillar. If it supports none, question whether it belongs.

A · FOUNDATION

If Lenore were a person, it would be a knowledgeable, well-mannered guide: The Curator. Calm, precise, warm and quietly confident.

Refined

Restraint over decoration. Quality you notice slowly.

Clear

Plain words, honest prices, nothing hidden.

Trustworthy

Registered, accountable, consistent every time.

Warm and local

Personal service from people in Kuttiady.

LENORE IS	LENORE IS NOT

A · FOUNDATION

Brand architecture

One masterbrand, one legal name, and simple descriptors.

LEVEL	NAME	WHERE IT APPEARS
Masterbrand	**Lenore**	Signage, advertising, social, packaging, uniforms, everyday speech.
Legal entity	**Lenore Trading LLP**	Invoices, quotations, contracts, stamps, letterhead footer, GST records.
Descriptors	Showroom · Projects · Service	To label an area or offer, e.g. a Projects desk for builders. Never as separate brands.

Product brands we sell

Lenore stocks products from manufacturers. In Lenore spaces and materials, Lenore leads: manufacturer logos appear smaller, separated by clear space, on product information only. Never combine a manufacturer logo with the Lenore logo into one lockup.

Descriptor lockup: horizontal logo, a hairline rule 1X from the logo, descriptor in Manrope SemiBold capitals at the tagline's height, tracked +16%.

C · VISUAL IDENTITY

The identity at a glance

A calligraphic mark, a precise wordmark, warm neutrals with a bronze accent, one modern typeface, a quiet monogram pattern and product-first photography.

LENORE

REFINED BATHROOM LIVING

Aa

MANROPE

Refined Bathroom Living

Considered choices, clearly quoted.

C · LOGO

The mark

A single calligraphic L. A hooked stem and a sweeping base are separated by a fine channel, so the letter reads both as the initial of Lenore and as the flowing line of a spout.

The mark is Lenore's signature: on its own it carries the brand on app icons, profile pictures, embroidery, stickers, embossing and the showroom.

> The master mark is vector artwork redrawn from the logo used on Lenore's bills, with clean curves, straight edges and sharp terminals. If the original designer's artwork is supplied, compare it with this master before replacing it.

C · LOGO

Logo versions

Five arrangements cover every use. The horizontal logo is the primary version.

Horizontal · primary
Signage, letterhead, invoices, advertising, vehicle, website.

Stacked
Square and centred formats: cards, bags, social, pylon.

Mark
Icons, embroidery, stickers, stamps, embossing.

Wordmark
When the mark already appears nearby.

Name
Where the tagline would be too small: embroidery, engraving, tape.

C · LOGO

Colourways

Use full colour wherever possible. When colour is limited, use one colour in full.

Full colour

Light backgrounds: Stone, white, light photography.

Reversed

Ink and dark backgrounds.

Bronze

One colour: foil, engraving, embroidery.

Black

Thermal receipts, stamps, newspapers.

White

Bronze backgrounds and dark photography.

> The bronze gradient (#C99A63 → #7A4E26, top to bottom) belongs to the mark. On metal, foil and signage, the gradient becomes the material itself: brushed bronze or brass.

C · LOGO

Clear space and minimum size

Give the logo room. Nothing may enter the clear space.

X = one quarter of the mark's height. Keep at least 1X clear on every side.

VERSION	PRINT MINIMUM	SCREEN MINIMUM
Horizontal	35 mm wide	140 px wide
Stacked	20 mm wide	90 px wide
Wordmark	30 mm wide	120 px wide
Mark	6 mm high	20 px high
Embroidery	Mark 40 mm high	—

Below these sizes, use the mark, or the name without the tagline.

C · LOGO

Don't change the colours

Don't add shadows or effects

C · GRAPHIC DEVICES

Signature elements

Three devices make Lenore recognisable even before the logo is read.

Monogram pattern

Staggered marks at low contrast. For bags, envelopes, card backs, packaging, window film and backgrounds. Never behind small text; never at full contrast.

The oversized mark

A large, cropped mark bleeding off one edge. Use one per layout, at least twice the size of the logo, and keep the full logo elsewhere on the layout.

Bronze line and labels

A single bronze rule and tracked small-capital labels frame information: invoice headers, letterhead, cards and signage.

C · PHOTOGRAPHY

Photography and art direction

Products first, beautifully lit. Four kinds of picture tell the Lenore story.

Spaces

Finished bathrooms in customers' homes (with permission). Daylight, straight verticals, uncluttered.

People and service

The team helping customers in the showroom. Natural moments, never staged smiles to camera.

Product

Single product on warm stone or plaster, soft directional daylight, generous space. Square, at least 1600 px.

Detail

Close-ups of finishes, handles and water flow. Shallow depth of field. Shows the quality we promise.

Avoid

- ✕ Clutter, heavy filters, harsh flash.
- ✕ Unrelated stock people.
- ✕ AI images presented as real: label "Illustrative".

C · LAYOUT

Layout principles

Generous space, a clear hierarchy, one idea per layout.

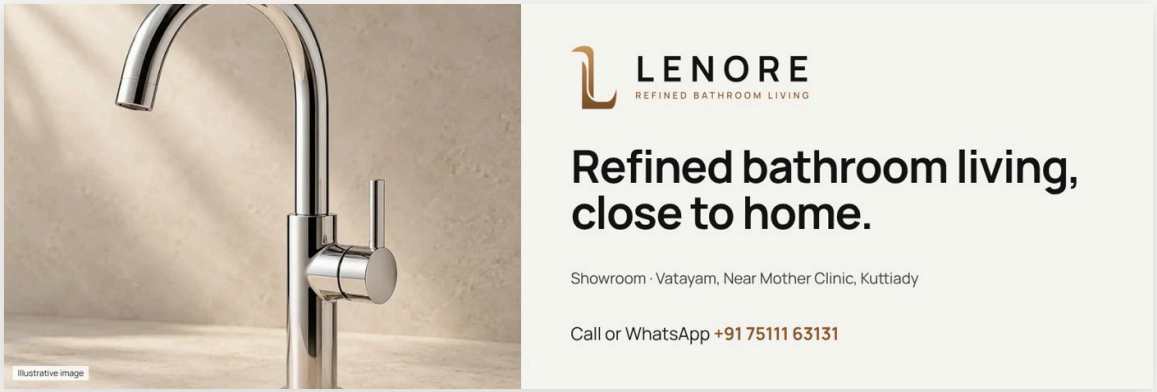

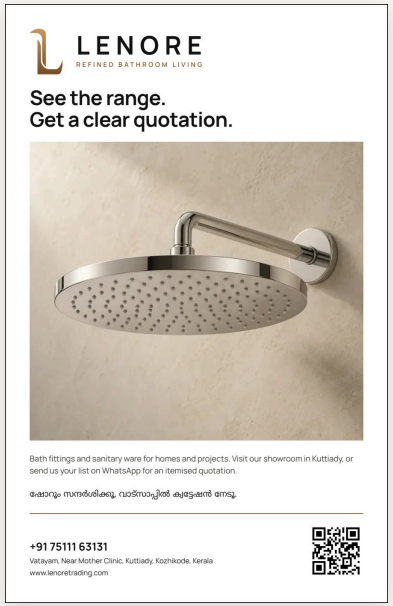

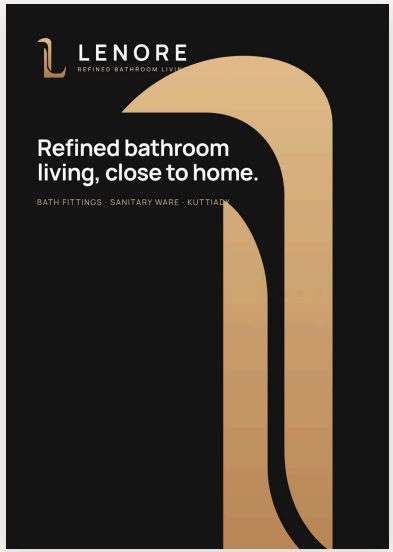

Image left, message right; logo top, contact bottom.

Logo · headline · image · message · contact.

Oversized mark with a single headline.

Margins

At least 1X logo clear space plus 8% of the short side.

Logo

Top-left or bottom-left; centred only on symmetric formats.

Hierarchy

One headline, one supporting line, one call to action.

Space

Leave at least a third of every layout empty.

C · MOTION

Motion and iconography

Motion

Lenore moves like water from a well-made spout: smooth, unhurried, precise. The logo reveal draws the mark up from its base (1.2 s), then the wordmark rises into place (1.1 s). Use it to open or close videos and reels; hold the end frame for 2 seconds.

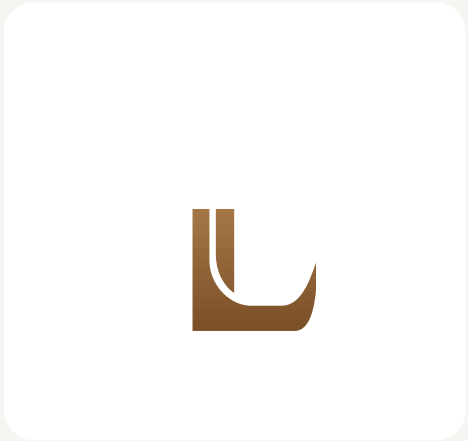

- Ease-out curves, no bounces or spins.
- Fades and gentle rises; nothing flashes.
- File: 06-Brand-Elements/lenore-logo-animated.svg

Icons

Simple line icons with a 2 px stroke and rounded ends, in Ink or Muted, used for wayfinding, documents and digital screens.

E · GOVERNANCE

Brand checklist

Before anything is printed, posted or installed, check:

1. Is the logo from the kit, the right version and colourway, with clear space?
2. Are only palette colours used, with Bronze as a small accent?
3. Is all text in Manrope (or Noto Sans Malayalam), sentence case?
4. Does the copy sound like Lenore: clear, calm, helpful, honest?
5. Are phone, address, GSTIN and web details correct?
6. Are images real, or clearly labelled illustrative?
7. Is there one clear message and one call to action?
8. Has Malayalam copy been reviewed by a native writer?
9. Has a proof been checked on the real material?
10. Would a customer instantly recognise this as Lenore?

Ownership

The owners of Lenore Trading LLP approve new uses of the brand. Keep one person responsible for the brand kit and for sending files to partners.

Working with partners
